

Arnaud Chaperon
52 years
Married 4 children

Currently: Senior Vice President
 TOTAL Gas & New Energies, Power & New Energies (Paris)

Arnaud Chaperon has been involved with TOTAL group for more than 25 years. He graduated in 1978 from Ecole Nationale Supérieure de Techniques Avancées and Génie Maritime. He held with TOTAL group several positions as a geophysicist in the exploration division and as an economist. He moved to Japan in 1987 to be responsible for gas marketing activities, contributing at the early stage to the marketing and negotiations of Qatar gas LNG to the Japanese buyers. He was transferred in 1991 to Taiwan to become the first group representative, before coming back to the Head office in Paris (1994) to hold the position of vice president for NGL gas marketing as well as Europe downstream gas business.

In 2000, during the merge and post merge TOTAL FINA Elf he was appointed vice president for career management and training in the HR division, before being transferred to Qatar in June 2002 as Managing Director of TOTAL EP Qatar and TOTAL group representative in Qatar.

Since April 2007, he has been nominated as a Senior Vice President for Power & New Energies in Gas & New Energies branch.

Arnaud Chaperon is chevalier du mérite national.
